

NADE ALI

Web Developer

PROFILE

A motivated and detail-oriented Bachelor of Computer Science student with a strong foundation in programming, web development, and content creation. Experienced in professional environments, including web development and sales, with proven abilities in tutoring and freelance writing. Skilled in creating responsive web designs, SEO optimization, and effective communication. Adept at utilizing technical tools and creative solutions to meet project objectives. Eager to apply my knowledge and grow in the field of computer science through innovative projects and problem-solving.

ACHIEVEMENTS

- Successfully tutored over 10 students, helping them achieve higher grades.
- Contributed to web development projects that enhanced AZ Textile's online presence.
- Increased website engagement through well-researched and optimized blog articles.
